

**MICHIGAN DEPARTMENT OF AGRICULTURE
PESTICIDE AND PLANT PEST MANAGEMENT DIVISION
EMERALD ASH BORER INTERIOR QUARANTINE**
(Revised October 31, 2005)

WHEREAS, the Director, Michigan Department of Agriculture, having found that an exotic pest, known as the emerald ash borer, *Agilus planipennis* (Fairemaire), has been detected in this state and has a limited distribution at this time; and

WHEREAS, the emerald ash borer has been found infesting and killing ash, *Fraxinus* spp., trees in certain counties, cities, and townships; and

WHEREAS, ash trees are a valuable resource for the nursery, landscaping, and timber industries in Michigan; and

WHEREAS, ash trees represent a significant component of the natural environment in Michigan; and

NOW, THEREFORE, the Director of the Michigan Department of Agriculture by the authority of Act No. 72 of the Public Acts of 1945, as amended, and Quarantine Regulation No. 620, does promulgate this quarantine to prevent the further spread of this pest and sets forth: definitions, regulated articles, regulated areas, quarantined areas, conditions of movement, violations and penalties, and special exemptions. This revised quarantine shall become effective immediately and will remain in effect until rescinded by the Director.

I. DEFINITIONS.

The following terms shall be construed to mean:

- (A) **CERTIFICATE and CERTIFICATE OF INSPECTION** mean a document issued or authorized to be issued by the Director, including state-issued certificates of quarantine compliance, state phytosanitary certificates, limited permits, and multiple-use quarantine certificates to allow the movement of regulated articles to any destination.
- (B) **COMMERCIAL FIREWOOD** means wood in any measure or volume that is intended to be burned in a heating process or for a recreational purpose, and which is moved for a business purpose. This does not include firewood manufactured and moved by a person for his or her own personal use, provided the requirements of the quarantine have been met.
- (C) **COMPLIANCE AGREEMENT** means a written agreement between a person moving regulated articles and the Director.
- (D) **DIRECTOR** means the Director of the Michigan Department of Agriculture or his or her authorized representative.
- (E) **INFESTATION** means the presence of the emerald ash borer or the existence of the circumstances that make it reasonable to believe that the emerald ash borer is present.
- (F) **INSPECTOR** means an employee of the Michigan Department of Agriculture authorized to enforce the provisions of this quarantine.
- (G) **LOG** means tree parts cut into lengths 4 feet or longer to be milled or processed. This does not include logs intended for firewood.

- (H) **MICHIGAN'S LOWER PENINSULA** means the area that consists of those 68 contiguous Michigan counties lying between the Michigan-Indiana/Ohio state line to the south and the northernmost point of Emmet County to the north. For the purpose of this quarantine, Michigan's Lower Peninsula is divided into two areas, the quarantined area and the regulated area as described below.
- (I) **MOVED (MOVE, MOVEMENT)** means shipped, held for shipment, received for shipment, transported, carried, or allowed to be moved or shipped.
- (J) **PERSON** means an individual, firm, association, partnership, corporation, governmental entity, or other legal entity.

II. REGULATED ARTICLES.

- (A) The emerald ash borer, *Agrilus planipennis* (Fairemaire), in any living stage of development.
- (B) Entire ash (*Fraxinus* spp.) trees.
- (C) Ash limbs and branches.
- (D) Ash logs or untreated ash lumber with bark attached.
- (E) Uncomposted ash chips and uncomposted ash bark chips larger than 1 inch in diameter in two dimensions.
- (F) Any article, product or means of conveyance when it is determined by the Director to present the risk of spread of the emerald ash borer,
- (G) Firewood of any non-coniferous (hardwood) species.

III. REGULATED AREA.

The counties and portions of counties in Michigan's Lower Peninsula that are not designated as quarantined.

IV. QUARANTINED AREAS.

The counties and portions of counties as listed below are designated as quarantined areas, based on the confirmed presence of emerald ash borer. In addition, the Director may designate as quarantined any area where the presence of the emerald ash borer, is confirmed in the future. Information on additional quarantined areas not listed within this quarantine will be provided on the Michigan Department of Agriculture web-site located at www.michigan.gov/mda. Thereafter, the movement of any regulated article from an area designated as quarantined or regulated will be subject to this quarantine. As soon as practicable, this area will be added to the list of quarantined areas within this quarantine and the Director will post an update to the quarantine on the Michigan Department of Agriculture website provided above. A current printed listing will also be available upon request at all Michigan Department of Agriculture Regional offices and through the Michigan Department of Agriculture Pesticide and Plant Pest Management Division Lansing Office, P.O. Box 30017 Lansing, Michigan 48909, (517) 373-1087.

V. CONDITIONS OF MOVEMENT OF REGULATED ARTICLES.

- (A) The sale and/or movement of all ash nursery stock within, out of or into Michigan's Lower Peninsula is prohibited.
- (B) Any shipment of ash logs, untreated ash lumber with bark or commercial firewood of non-coniferous species originating from a quarantined area, or from or within a regulated area, requires an accompanying bill of lading or shipping documents that indicate the point of origin and final destination of the regulated article by township, county, and state.
- (C) The movement of regulated articles, except ash nursery stock, originating from any quarantined or regulated area to any destination outside the quarantined or regulated area is prohibited, except under all of the following conditions:
 - 1. A thorough examination of all regulated articles and treatment methods must take place. A certificate of inspection may be issued based upon the determination by the inspector, grower, or shipper authorized to conduct such inspection under a Compliance Agreement, that no life stages of emerald ash borer are present; based on conditions or treatments administered in accordance with methods approved by the Director.
 - 2. The certificate of inspection shall be attached to the regulated articles, and shall remain on/with the regulated articles until such articles reach their final destination, except when the certificate of inspection is attached to the shipping document and the regulated article is adequately described on the shipping document and the certificate of inspection. The point of origin and the final destination shall be indicated on the bill of lading or other shipping documents and on the certificate of inspection. The certificate of inspection shall be given by the carrier to an inspector when requested or to the consignee at the destination of the shipment.
 - 3. A regulated article may move outside of the quarantined area only to a facility under Compliance Agreement approved by the Director or USDA designee from September 1 to April 30, for processing, utilization, and/or disposal.
- (D) The movement of regulated articles, except ash nursery stock, originating from any quarantined area through any regulated area to a quarantined area requires a certificate of inspection and is prohibited except under the following conditions:
 - 1. Passage through a regulated area is made during the period of Sept. 1 through April 30 and the passage is made without stopping except for refueling or for traffic conditions; or during the period of May 1 through August 31 if the articles are shipped in an enclosed vehicle or completely enclosed by a covering adequate to prevent the escape of any emerald ash borer.
 - 2. A bill of lading or accompanying shipping documents is required and must indicate the point of origin and final destination of the regulated article by township, county, and state.

- (E) The movement of regulated articles, except ash nursery stock, originating from any regulated area through a quarantined area to a regulated area is prohibited, except under all of the following conditions:
1. Passage through the quarantined area is made during the period of September 1 through April 30, and passage is made without stopping except to refuel or for traffic conditions; or during the period of May 1 through August 31 if the articles are shipped in an enclosed vehicle or is completely enclosed by a covering adequate to prevent access by the emerald ash borer.
 2. A bill of lading or accompanying shipping documents is required and must indicate the point of origin and final destination of the regulated article by township, county, and state.
- (F) The movement of regulated articles, except ash nursery stock, originating from outside any quarantined area which are moved into the quarantined area shall be considered to have originated from a quarantined area. These regulated articles may only be moved from the quarantined area under the conditions noted in V (C) above.
- (G) The movement of regulated articles that do not leave a quarantined area does not require a bill of lading or shipping documents.
- (H) Regulated articles moved in violation of this quarantine shall be removed from the area immediately or destroyed at the expense of the owner or owners, under the direction of the Director.

VI. VIOLATIONS AND PENALTIES.

- (A) Any violation of this quarantine is subject to the full authority of Act No. 72, Public Acts of 1945, as amended.

VII. SPECIAL EXEMPTIONS.

- (A) The Director may allow, with written approval, the movement of emerald ash borer, into or within Michigan for research purposes.
- (B) Uncomposted ash chips and uncomposted ash bark chips 1 inch and smaller in diameter in two dimensions are not considered to be regulated articles under this quarantine and therefore are exempt from the conditions of movement prescribed.
